*Every face is different, as individual as your fingerprint.....
I carefully study each aspect of your face including your skin type,
undertones, bone structure & face shape and will recommend a
treatment plan that best suits you to give you a complete bespoke
service for long lasting, natural results.*

Eyebrows

3D Hair Stroke Effect Brows

£399 (2 hours)

Hair stroke brows give the effect of ultra fine, delicate hairs seamlessly with your natural brow hairs. Restoring the basic shape and creating a symmetrical appearance.

Ombre Powder Brows

£399 (2 hours)

Super soft, advanced pixel shading techniques are used to create a natural powdering effect to give the illusion of fullness. Suitable for all skin types, ages and styles this is the most popular technique on the market.

3D Combination Brows

£399 (2 hours)

Using the two combined methods of powder shading and ultra fine hair strokes, with this technique we can create a natural looking brow with texture, depth and fullness.

Gap or Scar camouflage

£250 (1.5 hours)

A treatment to add ultra fine strokes or light shading to brows that either start too far apart, finish too short or to camouflage a scar/gap through the brow into the surrounding hairs.

Eyeliner

Lash Line Eyeliner

£395 (2 hours)

Either a precise line or a soft smokey natural shadow effect to give the illusion of darker, fuller lashes through the top and / or bottom lash line to make the eyes pop! We can imitate a perfectly applied, natural eyeliner that is smudge free and lasts all day long.

Lips

Lip Blush

£420 (2.5 hours)

A Sheer lip tint that gives a soft wash of colour throughout the lips for a natural pop of definition. No harsh borders or outlines, this technique adds a subtle haze of colour and suits everyone with lighter lips wanting a natural result.

Full Lip Tint

£420 (2.5 hours)

Adds definition and shape, restoring your natural lip line and correcting any asymmetry of the mouth. By adding a more defined boarder and full saturation of colour this technique gives you a longer lasting 'lipstick' look that lasts all day long without having to reapply!

Tattoo Removal

Consultation required

Using a soluiotn to correct or remove permanent make up treatments or remove small tattoos. A consultation is required and price is confirmed on review.

Scalp Micropigmentation

Referral to Appear Natural Clinic, Hayes

Medical micropigmentation

Multitreppanic Collagen Actuation (MCA) Dry Needling has proven success in treating and improving the appearance of many skin conditions. By breaking up tight and tough scar tissue, new blood comes into the area and as a result new collagen grows. Treats skin conditions such as stretch marks, skin grafts, fine lines and wrinkles, surgical scars, acne scars, burns, cleft lip. For best results 3 treatments are recommended over a period of 3 months. 20% discount for a pre-[aid course of 3 sessions. Consultation required.

Area 1 £200 per session

Area 2 £250 per session

Area 3 £300 per session

If skin lacks elasticity a combined Derma Roller and Dry needling treatment can be recommended for best results.
